English  
Proficiency -  
Native/Fluent Speaker

## PROFILE

I am a freshman at UNR for a major in International Relations. I have a 3.5+ GPA and made Deans List the previous semester. While in high school I was a member of Mu Alpha Theta and NAHS, both centered around volunteer work. Outside of school, I was a member of NCL (National Charity League), did competitive cheerleading for 10 years, while working, and maintaining a 4.0+ GPA.

## PRACTICAL EXPERIENCE

I was a member of NCL (National Charity League), a Mother Daughter Philanthropic Organization. I have held numerous positions within my class and have volunteered over 100 hours locally in the Las Vegas community. Some of the positions I have held are:

- Fashion show Chair- Was responsible for being a liaison and informing my class of any pertinent information and helped to lead meetings when in relation to the specific event
- Cultural Chair- Responsible for organizing and researching the potential event that we needed to put on, as well as being in responsible for contacting the company that we worked with in order to execute the event
- Parliamentarian- The position entailed keeping track of the results of any votes conducted at a meeting. As well as ensuring that meetings ran efficiently, and ensuring that all topics had adequate time on the floor.

After School Activities (School Clubs):

- I was a member of Mu Alpha Theta, a math tutoring club, where I volunteer and tutored other students in math. Giving me the opportunity to assist a diverse group of students -each having a different skill level.
- I was a member of National Art Honor Society, which is much like National Honor Society. Where by I volunteer through all 4 years of high school with numerous organizations. The focus of NAHS is more focused on the arts rather than academics.

Previous job experiences:

- Baby Sitting
- Perspire Sauna Studios-Green Valley (2 years) :  
-I have worked customer service and sales, informing new potential members of the abilities of our saunas through a presentation. I would inform, or assist members with any inquires they had pertaining to health benefits, how to operate the sauna, purchases, and more. I also assisted with the sales and purchasing of our memberships, as well as our stores other merchandise.. I was responsible for providing both in-person and virtual (over the phone/text) customer service.

Competitive Cheer:

- My years with in the sport have taught me how to communicate and work with others, tenacity to keep on trying even if something goes wrong, leadership, taking initiative, learning and implementing changes quickly, punctuality, and being well organized.
